Issue 39 – Date 12-Dec-2022

FOREWORD

This manual has been developed in conjunction with and supplementary to the NORDAM Europe Ltd. (NEL) Maintenance Organisation Exposition (MOE), ref. NEL/EXP/2.

It is the sole definitive document for detailing the capabilities of NEL and should be read in conjunction with the scope as defined in Section 1.8 of the MOE.

The Quality Manager is responsible for the control of the manual and ensuring that no work is contracted for maintenance at NEL until qualified in accordance with NEL Quality Procedure NPAL-10, Extension of Company Capabilities.

It is understood that no maintenance will be carried out and released in contravention of (UK) Part 145.A.70, 145.A.75, 145.A.80 in respect to regulation (EU) No 1321/2014 as retained (and amended in UK domestic law) under the European Withdrawal Act 2018.

This manual represents (UK) Part 145/14CFR Part 145 maintenance capability only.
